a/ Which tools do you need/use in professional practice at school?

b/ Describe activities in professional practice /in detail/.

e.g. We practiced building 1..... . First we prepared 2..... . There wasn't a 3....., that's why we used 4..... for mixing. We couldn't add 5..... or cement because after the practice we had to 6 our constructions. That's why the mortar was only sand 7 into the truck and mixed with water.

c/ Fill following words in proper form into the gaps:

lime, shovel, conduit, trucks, mixer, pull down, mortar

Check your answers:

- | | |
|-------------|--------------|
| 1. conduits | 5. lime |
| 2. mortar | 6. pull down |
| 3. mixer | 7. shovelled |
| 4. trucks | |

**Write a short description of building a wall /conduit/, fixing jambs and plastering.
Name all the tools, materials and activities connected with it.**

Translate:
